Listen to Your Wife.

The Manchester Guardian, June, 8, 1883, says:
At one of the "Windows"

Looking on the woodland ways! With clumps of Rhododendrons and great masses of May blossoms!!! "There was an interesting group."

It included one who had been a "cotton spinner" but was now so paralyzed!!!

That he could only bear to lie in a reclining position.

This refers to my case.

I was first attacked twelve years ago with "Locomotor Ataxia"

(A paralytic disease of nerve fibre rarely ever cured)

and was for several years barely able to get about.

And for the last five years not able to attend to my business, although

Many things have been done for me. The last experiment being nerve stretching.

Two years ago I was voted into the Home for incurables! Near Manchester, in May, 1882.

I am no "Advocate", "For anything in the shape of patent" Medicines?

And made many objections to my dear wife's constant urging to try Hop Bitters, but finally to pacify her—

Consented!!!

I had not quite finished the first bottle when I felt a change come over me. This was Saturday, November 3.

On Sunday morning I felt so strong I said to my room companions, "I was sure I could walk!"

So started across the floor and back. I hardly knew how to contain myself. I was all over the house. I am gaining strength each day, and can walk quite safe without any stick!

Or Support.

I am now at my home living again. I have been a member of the Manchester

"Royal Exchange"

For nearly 30 years, and was most heartily congratulated on going into the room Thursday.

Very gratefully yours, John Blackburn, Manchester, Eng., Dec. 24, 1883.

Two years later am perfectly well.

Prosecute the Swindlers!!!

If you call for Hop Bitters (see green cluster of Hops on the white label) the druggist hands out any stuff called C. D. Warner's German Hop Bitters or with other "Hop" name refuse it and stand fast! Druggists as you would a viper; and if he has taken your money for the stuff, indict him for the fraud and sue him for damages for the swindle, and we will reward you liberally for the conviction.

CINCINNATI, Aug. 28.—The effort of

the law and order league to stop the con-

This would not necessarily stop the con-

WASHINGTON, Aug. 28.—Third As-

sistant Postmaster General Hazen has

just returned from the postal-card fac-

tory at Castleton, N. Y. The stock of

postal cards on hand has been reduced

to a very small quantity, and fears

are entertained that the supply under

the new contract will not be avail-

able in time to meet the demand. The

new cards already issued do not meet

the requirements of the Department, in

quality, but it is expected, as a result

of the visit of Mr. Hazen, that an im-

provement will be made in that respect,

and that a stock sufficient to meet the

demands of the service will be avail-

able before exhausting the stock of

cards now on hand.

A Strike Inaugurated.

GALVESTON, Aug. 28.—A strike of the

carpenters and laborers in the shops

and yards along the line of the Gulf,

Colorado and Santa Fe Railroad took

place yesterday, an order to that effect

having been issued by the Grand

Council of the Knights of Labor, ap-

plying to all the lines on which the

workmen had a cause of grievance.

The Santa Fe road was included in

that class of corporation offenders, on

the ground that the men employed on

the line received less pay than those

working for the Missouri Pacific Rail-

road company, and that they had not

been honestly dealt with. In the city

an attempt was made to prevent the

departure of the passenger train by

blocking the track. The police, how-

ever, interfered, and removed the ob-

struction without opposition. Trains

are now running as usual, and, thus

far, the effects of the strike have not

been perceptibly felt. At Fort Worth,

and other prominent points on the road,

the strike was general.

Affairs at that place look serious, and

though the railroad officials appear to

treat the matter lightly, the indications

are that they will be forced to accept

the strikers' terms.

Railroads Consolidated.

NEW YORK, Aug. 28.—The New York

Central and West Shore consolidation

is given out as a fact. The parties

who undertook to effect the transfer, it

was agreed, should receive \$50,000,000

West Shore 4 per cent. first mortgage

bonds, guaranteed by the New York

Central, for which they were to de-

liver the West Shore property free and

clear. The profit to the syndicate was

to be the difference between \$50,000,000

bonds, as mentioned, and the amount

which they would be compelled to pay

for the property. It is understood

that the West Shore's firsts have been

absorbed for about \$25,000,000 of those

bonds, and the Ontario and Western

for \$1,032,250. There still remains to

be paid for the Receiver's certificates,

the terminal bonds, the North River

Construction Company's floating claims,

etc. The syndicate

CHOLERA is rapidly moving westward and will soon appear in this country. In order to prevent disastrous effects from its ravages every preventive should be employed, and the system should be in perfect condition. At this season of the year the system is in a weak state and easily susceptible to dangerous disease. Pain in the back, weariness, lassitude, headache, dyspepsia, indigestion, kidney and liver complaints are but the result of neglect. During the last visitation of cholera to this country no medicine was found equal to Mishler's Herb Bitters, both as a preventive and cure, and it has been equally successful in all the diseases above mentioned. It renews and invigorates the blood, restoring to health and strength, and thus shielding the system from disease.

Ask your druggist for MISHLER'S HERB BITTERS. If he does not keep it do not take anything else, but send a postal card to MISHLER'S HERB BITTERS CO., 506 Commerce Street, Philadelphia.

THE Marion county treasurer gives a \$600,000 bond.

SAMUEL J. TILDEN went to see Miln play Hamlet, at Yonkers, last week.

THE New York World reports the "Sage of Greystone" as sound as a dollar.

DR. OLIVER WENDELL HOLMES will celebrate his seventy-sixth birthday tomorrow.

THE New Era says that one saloon at Albion made about \$300 the day of the soldiers' reunion.

THE history that ex-Governor Porter is writing of Indiana is expected to make a book of 700 pages.

THE Decatur people are to have a soldiers' reunion September 26, although there is a quarrel about the matter.

"ALLEN COUNTY will make an effort to have the next democratic congressional convention held at Fort Wayne," says the Kendallville News approvingly.

MR. HERON, secretary of the Indiana state board of agriculture, believes that Indiana will grow much the largest corn crop ever grown before. He has heard many large fields estimated at 100 bushels per acre.

COL. JOHN S. WILLIAMS, third auditor of the treasury department, recently signed a requisition for pension money to the aggregate of \$11,730,000. Of this amount \$1,000,000 in round figures was sent to the Indiana agency.

SENATOR HARRISON, of Indiana, is visiting Oregon and Washington territory. He will go as far north as Victoria and returning will visit the San Juan archipelago. He expects to be home in time to take part in the Ohio campaign.

REV. FATHER PREYTHEN, of St. Francis Xavier Cathedral at Vincennes, startled his congregation by preaching against night promenading of women on the streets. Shopping expeditions, he thought, should be made in the day time.

Two preachers are starting a democratic paper at Muncie in opposition to L. A. Kirkwood's Democrat. The gentlemen have some money now. They will soon have glory, experience and a mortgaged paper. This is always the history.

"HON. R. LOWRY is hourly besieged by his many friends at his office in Fort Wayne, who are well pleased with his course in congress, and who wish that he may be able to make a record that they (his supporters) may be proud of. We bespeak for him success" writes a Rome City correspondent to the Kendallville News.

Two young women, members of prominent families at Seymour, were determined to "see the world for themselves," and disappeared from their homes. Their absence was soon noted by friends, who sent telegrams to neighboring towns and they were discovered in a box car "beating their way on the railroad" and returned to their parents.

It is rumored that there is a large deficit in the accounts of George Ross, late treasurer of Madison county. In auditing his accounts it was found that \$71,703.66 was due the county, and this has not yet been adjusted. He admits that it will take his entire private estate to pay out, even if he can realize on his collateral security. His estate is probably worth \$15,000.

THEY FELT HIM.

It is not always desirable to be universally popular. No man ever assumed the role of the reformer without incurring enmity, and the more necessary the reform advocated, the more severe the attendant hatred. A certain senator, says the San Francisco Chronicle, was engaged in some very radical measures,

which sorely tried many people, whom he rightly thought in need of reform. They abused him roundly, but he maintained the fight in all honesty. A friend of his visited him in Sacramento, while the measures were pending.

"Well, what do they say of me in San Francisco?" inquired the senator.

"They don't speak very well of you."

"What do they say? that's what I want to know."

"Well, they say very hard things about you. I don't care to."

"Speak out!" cried the reformer.

"Tell me just how they talk."

"They call you a liar, an ignoramus, a scoundrel, a thief, an idiot—in short, everything they can think of that is bad."

"Ah!" said the senator, rubbing his hands in glee, and chuckling with perfect enjoyment. "They feel me, my boy, they feel me!"

That Terrible Drain

which aerofula has upon the system must be arrested, and the blood must be purified, or serious consequences will ensue. For purifying and vitalizing effects, Hood's Sarsaparilla has been found superior to any other preparation. It expels every trace of impurity from the blood, and bestows new life and vigor upon every function of the body, enabling it to entirely overcome disease.

It is a curious fact that since dark ages Lord Salisbury is the first bearded Prime minister.

The true patriot naturally takes great interest in the question of the presidential succession, but a subject nearer to every individual's heart is the preservation of his own health. Mishler's Herb Bitters is the surest of all remedies for malarial disorders, nervous ailments, kidney and liver troubles, constipation, sick headache. Mr. James Jones, Spring Valley, Ohio, writes: "I had rheumatism for ten years, but Mishler's Herb Bitters cured me finally, when all other remedies had failed."

The children of Queen Victoria now take \$600,000 a year from the purse of the British people.

"My son, when you go to the city, get you a bicycle, some tight pants, some tooth-pick shoes and a slender cane, but with all your gettings don't fail to get a bottle of Salvation Oil, for 'pride, you know, 'goeth before a fall.'"

A step-ladder of plush is the latest thing to put in a parlor corner.

The universal verdict: "The Hop Plaster is the best porous plaster ever made." Only 25 cents.

What You Say.

"There are so many frauds advertised for the hair," you say. So there are, but Parker's Hair Balsam is not one of them. It will not work miracles, but it will do better service for your hair than anything else you can find. Restores original color, cures dandruff, gives new growth. Elegantly perfumed. Not a dye.

TAKE SIMMONS LIVER REGULATOR

For All Diseases of the Liver, Kidneys, Stomach and Spleen.

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1826. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, assisted by any other medicine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage, and to temperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

Relief of time, no interruption of business while taking the Regulator.

Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.

It taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time (instead of weakening) the digestive and assimilative powers of the system. S.S.S. Indigestion Cured!

I suffered for more than five years with indigestion, scarcely able to retain the simplest food on my stomach. The burning sensation was almost intolerable, and my whole system was deranged. I was wakeful and could not sleep, and consequently more or less nervous all the time. I declined in flesh, and suffered all the usual depression attendant upon this terrible disease. In a word, I was miserable. At last, falling to find relief in anything else, I commenced to use Swift's Specific. I began to improve at once. The medicine toned up the stomach, strengthened the digestive organs, and soon all that burning ceased, and I could retain food without the slightest difficulty. Now my health is good, and can eat anything in the shape of food, and digest it without the slightest difficulty. I most cheerfully bear this testimony, because there are hundreds suffering as I was, and I am sure they can be as readily healed. Take city, at prescribed dose after eating, instead of before.

JAMES MANN, No. 14 Ivy St., Atlanta, Ga., May 13, 1885.

Free From Malaria.

In the fall of 1884 I was taken with a case of malarial fever which prostrated me both body and mind. I was dragged after the old fashion with mercury and other mineral mixtures, but with no good results. My health was shattered and my energy gone. My legs and feet would swell, and I had what everybody thought was dropsy. These symptoms alarmed me, and I was ready to grasp at any remedy suggested. A friend advised me to try Swift's Specific. I procured three bottles and commenced its use. The swelling soon subsided. I have taken the three bottles, which have made a perfect cure, and I feel like a new man to-day. There never was a more meritorious medicine offered to suffering humanity. It has wrought wonders for me.

LOCAL NEWS.

Sion S. Bass Post, G. A. R. meets to-night.

The Catholic benevolent legion meets next Tuesday evening at Library hall.

R. L. Smith and J. H. Seibold are now actively at work for the Hollywood Opera company.

Adam Bice has qualified as administrator of the estate of Margaret Bice. Bond, \$1,000, with David Bice as surety.

The will of Christina Rau, the suicide, was filed to-day. She leaves her property to her husband, Jacob Kuntz bequeaths his property to his wife and children.

J. P. Leedom, Esq., Sergeant-at-Arms of the House of Representatives, says of Red Star Cough Cure that by its purity and freedom from opiates, it supplants cough mixtures which contain narcotics or minerals.

Mr. and Mrs. Louis Fox will celebrate the tenth anniversary of their marriage Wednesday evening, September 2, at their pleasant mansion home, in the south end of the city. Invitations to the reception are now out and are unique affairs on papers of a tin hue.

Having used Dr. Bull's Cough Syrup in my family for the last three years, I find it is the best preparation I have ever used for coughs and colds, giving almost immediate relief.

B. WALKER, Gen'l Com. Merchant, 118 Light St., Baltimore, Md.

Where "Amen" Fails.

"Here is a true anecdote, and one showing a very practical way of testing the character of Christian profession," says the *Christian Worker*: "An old Methodist preacher once offered the following prayer in a prayer-meeting—'Lord, help us to trust Thee with our souls.' 'Amen,' was responded by many voices. 'Lord, help us to trust Thee with our bodies.' 'Amen,' was responded with as much warmth as ever. 'Lord, help us to trust Thee with our money; but to this petition the 'Amen' was not forthcoming. Is it not strange that when religion touches some men's pockets it cools their ardor at once, and seals their lips? We often hear men talk of the 'peace of God in the heart,' and to the phrase we have no objection; but it has often occurred to us that if the 'peace of God' could only get into some people's pockets, it would be a blessed thing."

"Clear the Way!"

Complaint is made that the streets of the city are so clogged with dirt and garbage that it is difficult to pass along. This is bad business, but not half so bad as when the ducts and passages in the human system become blocked and clogged with impurities, and the liver has no chance to do its work of cleansing the blood. But even this state of affairs yield to Brown's Iron Bitters, the great family tonic, which you can get at any drug store for a dollar.

How to Rear Children.

Treat them kindly.

Don't preach politeness and propriety to them and violate their laws yourself. In other words, let the example you set them be a good one.

Never quarrel in their presence. If you want to quarrel, wait until the children have gone to bed. Then they will not see you, and perhaps by that time you may not want to quarrel.

Never talk "old folks" talk in front of children.

Never talk flippantly of neighbors before children. They may meet the neighbor's children and have a talk about it.

Teach them to think that the little boy in rags has a heart in him in spite of the rags—and a stomach, too.

Teach them, as they grow older, that a respectful demeanor to others, a gentle tone of voice, a kind disposition, a generous nature, and honest purpose and an industrious mind, are better than anything else on earth. Teach them these things, and self-reliance and intelligence and capability will come of themselves. Teach them these things, I say, and your boys and girls will grow up to be noble men and women.

Rupture, pile tumors, fistula and all diseases of the lower bowel (except cancer), radically cured. Send 10 cents in stamps for book. Address: World's Dispensary Medical Association, 663 Main street, Buffalo, N. Y.

To the Grocers and Bakers of Fort Wayne.

Mrs. Wm. Wieman, who has been our agent, ceases to represent us after this date, August 28. Until another agent can be appointed, the wants of our customers will be attended to by Mr. Clements at our temporary office, southwest corner of Wayne and Clinton streets. Hoping the trade will continue to favor us in the future as in the past with their orders for yeast, we shall endeavor to have our yeast delivered regularly and in good order. Any failing of our agent to supply you satisfactorily, upon reporting the same to the home office, at Cincinnati, will be remedied.

Very Respectfully,

FRANKMAN & CO.

Fort Wayne, Aug. 28, 1885.

In the recent death of Dr. S. Krenens Prime this country has lost a remarkable man—more remarkable than is generally known outside of the Presbyterian Church. His life of activity and usefulness covered a period of more than fifty years. He was a hard and constant worker in spite of much bad health. He began preaching in 1833 under a special license, though he was not ordained a minister of the church till 1835. His health would not permit him to keep a pulpit permanently, and it was on this account he entered religious journalism; but in the midst of other arduous duties he has always preached more or less from pulpits held by other ministers. His great life work was as editor of the *New York Observer*, the recognized organ of the Presbyterian Church. He began writing a weekly letter for that journal in 1837, and made it a conspicuous and popular feature for more than forty years. In speaking of these letters once, he said of them: "It is a wonder that the readers have not become sick and tired of them and begged to be relieved." There could certainly be no better evidence of Dr. Prime's intellectual force than his ability to hold his readers in a weekly installment for nearly half a century. But this letter was only a small part of the work he did for the *Observer*, as he became editor of the paper in 1840, and has ever since been a voluminous contributor to its columns. It is estimated that he wrote more than five columns for his newspaper every week during a period of forty years, which would be equal to more than 100 volumes of 400 pages each. That of itself would be an extraordinary amount of literary work, but during the same time he published more than forty books, covering a vast range of topics, and innumerable tracts, which had a wide circulation. Besides all this he was actively engaged in missionary and educational work, having been President, or Vice President, or Secretary of various societies, like the American and Foreign Christian Union, the American Bible Society, the New York Society for the Advancement of Science and Art, etc. He was also a trustee for several colleges. There have been few men whose lives were so completely filled with good works as that of Dr. Prime, or who have contributed so much as he did to the cause of religion and the improvement of the mind. His fame will always be of the brightest luster in the annals of the Presbyterian Church.

J. W. Hays, of this city, just appoint-

The railroads running into Chicago
and the railroad men of that city sustain
four railroad reading rooms at as many
points in the city. In the two largest of
them last year the men took 3,858 baths.
In our railroad rooms, at 245 Calhoun
street, our railroad boys took more than
twice that number—7,990, and yet there
are hundreds of the men who have never
tried them.

Jimmie Meehan, the fifer, was arrest-
ed last night for disorderly conduct and
drunkenness. He was reinforced in the
cooler by Joseph Mooney, Lillie Jones
and Mag Leary, two awful filthy women.
Meehan played the fife and the trio re-
ferred to showered enconiums on him
for his skill. The whole party was sent
to jail this morning. The officers will
ship the Leary woman to Grand Rapids.

"Fred Erb returned this morning

will attend the shooting tournament in

the Lafayette Courier.

"Mr. Albert S. Bond, the genial, clever
and good-looking representative of the
Fort Wayne Organ company, of this
state, took in the Hoosier capital yester-
day, and was shown over our handsome

Pennsylvania street music dealer, who is

All the Pennsylvania railroad lines west
of Pittsburg and Erie for the seven
months of 1885 show a deficiency in
meeting all liabilities of \$1,013,645, being
an increased deficiency, as compared
with the same period of 1884, of \$300,-
485. The above statement is very near
to the anticipated decrease in net earn-
ings for July on all lines, both east and
west of Pittsburg.

The Columbia City Post says: "There
are two reasons why the Fort Wayne
Gazette has no love for Hon. Robert
Lowry. First, Lowry turned its editor
and proprietor out of the Fort Wayne
postoffice; second, Lowry is a man that
no combination can defeat, if again nomi-
nated, in this district for congress.
These facts are the all in all that make
Keil and the Gazette so very rank to-
ward the judge."

The Indianapolis, Peru and Chicago
division of the Wabash system, is now
pretty well cleared of its best wheat.
There are only some twenty car loads
per day going into Indianapolis; but
shipments of lower grade wheat off of
the line to Detroit are now heavy. A
scarcity of cars is decreasing the car
movement somewhat. The recent heavy
rains have not checked the movement of
the oats crop to the extent anticipated,
however.

Wilhelmina Long Pursues Wm.
G. Krohn With a Marriage
License.

Wm. Krohn, who lives in the suspi-
cious shades of Bloomington, courted
Wilhelmina Long, a rather pretty girl
of the neighborhood. Will told his sweet-
heart the usual stories about rippling
brooks and the flowers that peep at
lovers as they stroll about shady places.
He told her all these things and some
others, so that Miss Long lost her
heart. In this ecstatic way the girl was
deceived by her lover and now she seeks
redress in Justice Searlet's court. Krohn
was arrested this morning, after a week's
chase and made to face the girl he
wronged. She wants him to marry her,
as she soon expects to be a mamma, and
he may decide to do the right thing.
The young woman is well known and
her sister is in the telephone exchange.
J. B. Harper is her attorney. Mr.
Krohn was long employed by S. Bash.

AN AWFUL CRIME.

George Ellis Arrested for Crimi-
nally Assaulting a Simple-
Minded Girl.

Martin Ackerman, an old man employ-
ed at the brick yard, north of the French
brewery, came to the city and related an
awful story to Deputy Prosecutor
Bittinger. He charged one George
Ellis, a fellow laborer, with criminal-
ly assaulting his fifteen-year-old
daughter, who is simple-minded. Sher-
iff Nelson arrested the man and
looked him up. Ellis does not deny his
guilt and hung his head in shame as the
victim of his lust faced him. The girl
carried her father's dinner yesterday,
and while returning to her home on
Wells street, in Bloomington, Ellis way-
laid and criminally assaulted her in a
lonely spot above the French brewery.
In tears the little girl related the story
to her mother. Ellis had a preliminary
hearing this afternoon and will be held
for trial. He is good for a term in the
pen.

NINE OF 'EM.

A Batch of Pittsburg Conductors
to be Summarily Dismissed.

The startling rumor leaked out last
night that nine Pittsburg passenger con-
ductors had their official heads cut off at
Philadelphia. The first two to fall by
the axe were Charley Luckey and Jim
Brown. Seven more are to go and their
dismissals await them when the local
officers see fit to send them out. Five
men go off the east end and four off the
west. The company report a shortage
in the receipts on their runs and dis-
charge the conductors without a hearing.
New men are to take their places. Spot-
ters have been at work on the road, but
they did their work so cleverly that they
were never detected. The conductors
are in awful suspense to know who
drops next.

OUR GREAT BOOM.

The State Y. M. C. A. Conven-

Dr. Leo W. Munhall, secretary of the
State Young Men's Christian association,
writes gentlemen here that the state con-
vention of the association will be held in
Fort Wayne from Thursday, Oct. 1 to
Sunday, Oct. 4. This will bring to Fort
Wayne 100 delegates from all parts of In-
diana. Hundreds of their friends and
people interested in the work will be
with them, and the moral influence of
the meeting can not be overestimated.
Fort Wayne is particularly blessed with
meetings, encampments and fairs this
season, and all of them go to build up
the city. It is not yet decided in what
public hall the convention will be. It is
certain to meet in our midst, however.

Wabash Cars Robbed.

Thieves are causing a great deal of an-
noyance in the northeastern part of In-
dianapolis. Night before last they broke
into a Wabash freight car at Bruce's
park, and opening barrels, boxes and
packages, scattered goods here and
there. They carried away nothing of
value.

MRS. ANNIE LAMONT, an iron-jawed
woman, at Coney Island, recently slid
down an iron cable, a distance of 350
feet, by means of a pulley attached to a
strap that she held between her teeth.
The upper elevation of the cable was
100 feet and its length 500 feet. The
American girl made the longest and
highest flight on record, the best prior
feat in this line having been accom-
plished by Emma Jute in the Paris
Hippodrome.

General Master Mechanic Barnes
to Employ Locked Out Wa-
bash Knights—The Pay
Car Regular.

General Master Mechanic Barnes is in
the city and to a SENTINEL representative
said the company is doing an immense
freight business—such a business as puts
the road on a paying basis and this en-
ables him to say that as soon as possible
the old Wabash Knights of Labor who
were locked out by the lull in business
and the recent strike, would be re-em-
ployed. They will receive preference
over all other applicants to show them
that he nor the Wabash company hold
any enmity toward them because of
their past action or their membership
in any labor organization. The Wa-
bash shops will run ten hours a day as
long as the weather permits and then
nine hours until spring. Mr. Barnes
says the Wabash pay car will arrive regu-
larly and pay up promptly and in full.
This will inaugurate an era of peace and
quell the present effort to foment a
strike. The SENTINEL is pleased with
the situation.

STOLE A HORSE.

Jos. Swartz Reports the Loss of
a Fine Animal.

Joseph Swartz, of Milan township,
came in this morning and reported to
Sheriff Nelson the theft of a fine horse
from his stable last night. He described
the animal and stated that they traced
the thief many miles on the Perrin
gravel road. Sheriff Nelson at once or-
ganized his force and sent them out to
head the man off if he is in the state. It
is doubtful if he can be speedily caught
as he is seven or eight hours in advance
of his pursuers. Mr. Nelson endeavored
to head him off by telegraph, and at once
mailed 100 postal cards, describing the
stolen steed, which Mr. Swartz refused
\$200 for a week ago.

Listen to Your Wife.

The Manchester Guardian, June, 8, 1882, says: At one of the "Windows" Looking on the woodland ways! With clumps of Rhododendrons and great masses of May blossoms!!! "There was an interesting group. It included one who had been a "cut-throat spurner" but was now so "Paralyzed!!!" That he could only bear to lie in a reclining position. This refers to my case. I was first attacked twelve years ago with "Locomotor Ataxia" (A paralytic disease of nerve fibre rarely ever cured) and was for several years barely able to get about. And for the last five years not able to attend to my business, although many things have been done for me. The last experiment being nerve stretching. Two years ago I was voted into the Home for incurables! Near Manchester, in May, 1882. I am no "Advocate" "For anything in the shape of patent" Medicines? And made many objections to my dear wife's constant urging to try Hop Bitters, but finally to pacify her—Consented!! I had not quite finished the first bottle when I felt a change come over me. This was Saturday, November 3. On Sunday morning I felt so strong I said to my room companions, "I was sure I could walk!" So started across the floor and back. I hardly knew how to contain myself. I was all over the house. I am gaining strength each day, and can walk quite safe without any "stick" or support. I am now at my home living again. I have been a member of the Manchester "Royal Exchange" For nearly thirty years, and was most heartily congratulated on going into the room Thursday. Very gratefully yours, John Blackburn, Manchester, Eng., Dec., 24, 1882. Two years later am perfectly well.

and that a stock sufficient to meet the

demands of the service will be avail-

having been issued by the Grand

ground that the men employed on the

been honestly dealt with. In the city

an attempt was made to prevent the

departure of the passenger train by

Where "Amen" Fails.

"Here is a true anecdote, and one showing a very practical way of testing the character of Christian profession," says the *Christian Worker*: "An old Methodist preacher once offered the following prayer in a prayer meeting: 'Lord, help us to trust Thee with our souls.' 'Amen,' was responded by many voices. 'Lord, help us to trust Thee with our bodies.' 'Amen,' was responded with as much warmth as ever. 'Lord, help us to trust Thee with our money.' But to this petition the 'Amen' was not forthcoming. Is it not strange that when religion touches some men's pockets it cools their ardor at once, and seals their lips? We often hear men talk of the 'peace of God in the heart,' and to the phrase we have no objection; but it has often occurred to us that if the 'peace of God' could only get into some people's pockets, it would be a blessed thing."

"Clear the Way."

Complaint is made that the streets of the city are so clogged with dirt and garbage that it is difficult to pass along. This is bad business, but not half so bad as when the ducts and passages in the human system become blocked and clogged with impurities, and the liver has no chance to do its work of cleansing the blood. But even this state of affairs yield to Brown's Iron Bitters, the great family tonic, which you can get at any drug store for a dollar.

How to Rear Children.

Treat them kindly.
Don't preach politeness and propriety to them and violate their laws yourself. In other words, let the example you set them be a good one.

Never quarrel in their presence. If you want to quarrel, wait until the children have gone to bed. Then they will not see you, and perhaps by that time you may not want to quarrel.

Never talk "old folks" talk in front of children.

Never talk flippantly of neighbors before children. They may meet the neighbor's children and have a talk about it.

Teach them to think that the little boy in rags has a heart in him in spite of the rags—and a stomach, too.

Teach them, as they grow older, that a respectful demeanor to others, a gentle tone of voice, a kind disposition, a generous nature, and honest purpose and an industrious mind, are better than anything else on earth. Teach them these things, and self-reliance and intelligence and capability will come of themselves. Teach them these things, I say, and your boys and girls will grow up to be noble men and women.

Rupture, pile tumors, fistula, and all diseases of the lower bowel (except cancer), radically cured. Send 10 cents in stamps for book. Address, World's Dispensary Medical Association, 623 Main street, Buffalo, N. Y.

Fort Wayne, Aug. 28, 1885.

In the recent death of Dr. S. Evans Prime this country has lost a remarkable man—more remarkable than is generally known outside of the Presbyterian Church. His life of activity and usefulness covered a period of more than fifty years. He was a hard and constant worker in spite of much bad health. He began preaching in 1833 under a special license, though he was not ordained a minister of the church till 1835. His health would not permit him to keep a pulpit permanently, and it was on this account he entered religious journalism; but in the midst of other arduous duties he has always preached more or less from pulpits held by other ministers. His great life work was as editor of the *New York Observer*, the recognized organ of the Presbyterian Church. He began writing a weekly letter for that journal in 1837, and made it a conspicuous and popular feature for more than forty years. In speaking of these letters once, he said of them: "It is a wonder that the readers have not become sick and tired of them and begged to be relieved." There could certainly be no better evidence of Dr. Prime's intellectual force than his ability to hold his readers in a weekly installment for nearly half a century. But this letter was only a small part of the work he did for the *Observer*, as he became editor of the paper in 1840, and has ever since been a voluminous contributor to its columns. It is estimated that he wrote more than five columns for his newspaper every week during a period of forty years, which would be equal to more than 100 volumes of 400 pages each. That of itself would be an extraordinary amount of literary work, but during the same time he published more than forty books, covering a vast range of topics, and innumerable tracts, which had a wide circulation. Besides all this he was actively engaged in missionary and educational work, having been President, or Vice President, or Secretary of various societies, like the American and Foreign Christian Union, the American Bible Society, the New York Society for the Advancement of Science and Art, etc. He was also a trustee for several colleges. There have been few men whose lives were so completely filled with good works as that of Dr. Prime, or who have contributed so much as he did to the cause of religion and the improvement of the mind. His fame will always be of the brightest luster in the annals of the Presbyterian Church.

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinders of Colors, where you can buy your Paints from first hand instead of paying the middle man his profit, which are from 25 to 34 per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1882, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gable houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

in a few days," says the Ligonier Han-

Tom Sullivan writes us that the mail
transfer business at the south depot is all
right, and the Grand Rapids railroad

same.

now and shoot the birds without fear of

nearly stationary temperature.

When Pittsburg passenger train No. 5
pulled into the south depot this morning
Officer Rohls pulled a man from the
trucks of the train. In this perilous
position he came 400 miles and was mad
when not permitted to go to Chicago.
"Mr. Albert S. Bond, the genial, clever
and good-looking representative of the
Fort Wayne Organ company, of this
state, took in the Hoosier capital yester-
day, and was shown over our handsome
city by George C. Pearson, the popular
Pennsylvania street music dealer, who is
the general agent for that well and favor-
ably known firm," says the Indianapolis
Sentinel.

All the Pennsylvania railroad lines west
of Pittsburg and Erie for the seven
months of 1885 show a deficiency in
meeting all liabilities of \$1,013,645, being
an increased deficiency, as compared
with the same period of 1884, of \$300,-
485. The above statement is very near
to the anticipated decrease in net ear-
nings for July on all lines, both east and
west of Pittsburg.
The Columbia City Post says: "There
are two reasons why the Fort Wayne
Gazette has no love for Hon. Robert
Lowry. First, Lowry turned its editor
and proprietor out of the Fort Wayne
postoffice; second, Lowry is a man that
no combination can defeat, if again nomi-
nated, in this district for congress.
These facts are the all in all that make
Keil and the Gazette so very rank to-
ward the judge."
The Indianapolis, Peru and Chicago
division of the Wabash system, is now
pretty well cleared of its best wheat.
There are only some twenty car loads
per day going into Indianapolis; but
shipments of lower grade wheat off of
the line to Detroit are now heavy. A
scarcity of cars is decreasing the car
movement somewhat. The recent heavy
rains have not checked the movement of
the oats crop to the extent anticipated,
however.
LOVED NOT WISELY.
Wilhelmina Long Pursues Wm.
G. Krohn With a Marriage
License.
Wm. Krohn, who lives in the suspi-
cious shade of Bloomingdale, courted
Wilhelmina Long, a rather pretty girl of
the neighborhood. Will told his sweet-
heart the usual stories about rippling
brooks and the flowers that peep at
lovers as they stroll about shady places.
He told her all these things and some
others, so that Miss Long lost her
heart. In this ecstatic way the girl was
deceived by her lover and now she seeks
redress in Justice Scarlett's court. Krohn
was arrested this morning, after a week's
chase and made to face the girl he
wronged. She wants him to marry her,
as she soon expects to be a mamma, and
he may decide to do the right thing.
The young woman is well known and
her sister is in the telephone exchange.
J. B. Harper is her attorney. Mr.
Krohn was long employed by R. Bish.

AN AWFUL CRIME.
George Ellis Arrested for Crimi-
nally Assaulting a Simple-
Minded Girl.
Martin Ackerman, an old man employ-
ed at the brick yard, north of the French
brewery, came to the city and related an
awful story to Deputy Prosecutor
Bittinger. He charged one George
Ellis, a fellow laborer, with criminal-
ly assaulting his fifteen-year-old
daughter, who is simple-minded. Sher-
iff Nelson arrested the man and
locked him up. Ellis does not deny his
guilt and hung his head in shame as the
victim of his lust faced him. The girl
carried her father's dinner yesterday,
and while returning to her home on
Wells street, in Bloomingdale, Ellis way-
laid and criminally assaulted her in a
lonely spot above the French brewery.
In tears the little girl related the story
to her mother. Ellis had a preliminary
hearing this afternoon and will be held
for trial. He is good for a term in the
pen.
NINE OF 'EM.
A Batch of Pittsburg Conductors
to be Summarily Dismissed.
The startling rumor leaked out last
night that nine Pittsburg passenger con-
ductors had their official heads cut off at
Philadelphia. The first two to fall by
the axe were Charley Luckey and Jim
Brown. Seven more are to go and their
dismissals await them when the local
officers see fit to send them out. Five
men go off the east end and four off the
west. The company report a shortage
in the receipts on their runs and dis-
charge the conductors without a hearing.
New men are to take their places. Spot-
ters have been at work on the road, but
they did their work so cleverly that they
were never detected. The conductors are
in awful suspense to know who drops
next.
OUR GREAT ROOM.
The State Y. M. C. A. Con-
vention to be Held Here.
Dr. Leo W. Munhall, secretary of the
State Young Men's Christian association,
writes gentlemen here that the state con-
vention of the association will be held in
Fort Wayne from Thursday, Oct. 1 to
Sunday, Oct. 4. This will bring to Fort
Wayne 100 delegates from all parts of In-
diana. Hundreds of their friends and
people interested in the work will be
with them, and the moral influence of
the meeting can not be overestimated.
Fort Wayne is particularly blessed with
meetings, encampments and fairs this
season, and all of them go to build up
the city. It is not yet decided in what
public hall the convention will be. It is
certain to meet in our midst, however.
Wabash Cars Robbed.
Thieves are causing a great deal of an-
noyance in the northeastern part of In-
diana. Night before last they broke
into a Wabash freight car at Bruce's
park, and opening barrels, boxes and
packages, scattered goods here and
there. They carried away nothing of
value.

MR. ANNIE LAMONT, an iron-jawed
woman, at Coney Island, recently slid
down an iron cable, a distance of 350
feet, by means of a pulley attached to a
strap that she held between her teeth.
The upper elevation of the cable was
100 feet and its length 500 feet. The
American girl made the longest and
highest flight on record, the best prior
feat in this line having been accom-
plished by Emma Juts in the Paris
Hippodrome.

LOOKS LIKE PEACE.
General Master Mechanic Barnes
to Employ Locked Out Wa-
bash Knights—The Pay
Car Regular.
General Master Mechanic Barnes is in
the city and to a SENTINEL representative
said the company is doing an immense
freight business—such a business as puts
the road on a paying basis and this en-
ables him to say that as soon as possible
the old Wabash Knights of Labor who
were locked out by the lull in business
and the recent strike, would be re-em-
ployed. They will receive preference
over all other applicants to show them
that he nor the Wabash company hold
any enmity toward them because of
their past action or their membership
in any labor organization. The Wa-
bash shops will run ten hours a day as
long as the weather permits and then
nine hours until spring. Mr. Barnes
says the Wabash pay car will arrive regu-
larly and pay up promptly and in full.
This will inaugurate an era of peace and
quell the present effort to foment a
strike. The SENTINEL is pleased with
the situation.
STOLE A HORSE.
Jos. Swartz Reports the Loss of
a Fine Animal.
Joseph Swartz, of Milan township,
came in this morning and reported to
Sheriff Nelson the theft of a fine horse
from his stable last night. He described
the animal and stated that they traced
the thief many miles on the Perrin
gravel road. Sheriff Nelson at once or-
ganized his force and sent them out to
head the man off if he is in the state. It
is doubtful if he can be speedily caught
as he is seven or eight hours in advance
of his pursuers. Mr. Nelson endeavored
to head him off by telegraph, and at once
mailed 100 postal cards, describing the
stolen steed, which Mr. Swartz refused
\$200 for a week ago.

N. Y. Rheumatism arises from the fail-
ure of the kidneys to separate the uric
acid from the blood.
